Issue 4

July 2006

The girder fork night attracted some new bikes among the excellent turnout. A nice evening to stand outside and chat without the background noise we get inside. The bikes also give us something else to focus our conversation around.

The ACA National Road Rally brought over 200 bike to our checkpoint at Tothill Services on the A34. A busy day made easier by the very good turnout of members to help, thank you all very much, especially the ladies who provided the refreshments.

The Vellocette sub section went on a camping weekend to Mallory Park for the 1000 Bikes

Thanks to the Two Pete's for their run, another good event by them. It was much enjoyed by those who went.

Founders Day at Stanford Hall was dull with occasional drizzle but it didn't dampen our spirits. The chance meetings with members of other sections is always the best bit of the day.

The July mid week run was to Hayling Island. Another hot day at the sea. May thanks to David & Jane Jarvis for the beach hut and refreshments.
